MEMORANDUM FOR MR. McCONE

SUBJECT: CIA U-2 Aircraft

Reference is made to your memorandum dated November 18, 1963.

I have requested the Chairman, Joint Chiefs of Staff, to arrange for the return to CIA of the J-75 equipped U-2 aircraft that has been on loan to SAC. As you know, the other J-75 equipped U-2 on loan to SAC crashed this date.

MEMORANDUM FOR: The Honorable Roswell L. Gilpatric  
The Deputy Secretary of Defense  
Washington, D. C.

SUBJECT: Recall of CIA U-2 Aircraft

1. As you will recall, on 23 June 1963, I directed that two Agency U-2 aircraft be loaned to SAC so as to support the regular reconnaissance effort with the most modern U-2 capability, in the face of possible MIG-21 or SA-2 counteraction.

2. These aircraft have been regularly flown by SAC since that time, and the MIG-21 threat has not materialized, nor do we feel today that it can be effectively employed above 66,000 feet, below the operating altitude of either SAC's U-2's or our own. The SA-2 must be considered a threat to either type of aircraft unless it is armed with jammers. It is my understanding in this context that SAC has now configured several of its U-2's to carry jammers also, so there is no basic difference in aircraft vulnerability to the SA-2.

3. On 14 November 1963 the Special Group addressed itself to the resumption of TACKLE flights over China following the loss of a U-2 there on November first.

when matched against the requirements imposed on the limited number of available U-2's in the CIA inventory, necessitates the withdrawal of the two CIA planes now assigned to SAC for the Cuban mission. If a new threat materializes to the SAC program there, we will want to examine the situation anew to see if a second CIA transfusion would give us added assurance. Accordingly, I would appreciate it if you would make the necessary arrangements to ensure return of the two CIA aircraft to Edwards Air Force Base as soon as possible.
